**CLASS SCHEDULE AND ACADEMIC REGULATIONS**  
**FIRST SEMESTER 1961-62**

Assemblies will be held in the fieldhouse each Monday, Wednesday, and Friday at 10 a.m. The Monday Forum and Wednesday Devotional Assemblies each will carry one credit hour per year or ½ credit hour per semester. To receive credit for either Forum or Devotional Assemblies, a student must register for and attend twelve each of either the Forum or the Devotional Assemblies offered each semester. He also must fill out and sign a final examination card that will be handed out on the last week a Forum or Devotional Assembly is held in each semester.

During a student's college career at B.Y.U. he may apply a maximum of three semester hours of devotional credit toward his religion requirement. Such credit, however, cannot be substituted for the courses required in the first two years of religious instruction. (For full instruction on basic requirements in religion see pages 4 and 5 of this schedule.) Credit for Forum Assemblies may be counted only toward total credit for graduation.

These assemblies are designed to promote spiritual, intellectual, and cultural growth, and every student is encouraged to attend them.

# ACADEMIC REGULATIONS OF BRIGHAM YOUNG UNIVERSITY

Every student is responsible for knowing the academic regulations of Brigham Young University. Any proposed deviation from these regulations must be approved by the agency concerned, usually the Academic Regulations Committee. This committee meets twice each month in the office of the dean of Admissions and Records.

## 1. FEES—WHERE PAID

Unless otherwise noted, all fees listed in this statement of regulations and procedures are to be paid at the Cashier's Office.

## 2. LATE-REGISTRATION PENALTY

Students failing to register on the regularly scheduled registration dates pay a late-registration fee of \$5.00 for the first five regular school days following the scheduled registration date. A \$10.00 fee will be assessed following that time. Late fees for special students will be assessed at 50 per cent of the rate for regular students.

## 3. ADMISSION TO CLASS

Instructors will receive rolls of students in their classes three days after the completion of regular registration. A subsequent roll will be sent out the end of the fourth week and will include names of all students registering for that class. Students whose names appear on the rolls, or students for whom an add card has been received, are officially registered. Others should be referred immediately to the Office of Admissions and Records for completion of their registration.

## 4. REGISTERING FOR BLOCK-PLANNED CLASSES

Regardless of whether or not a class is to be taught the first or second half of the semester, any student desiring to register for a block-planned class must do so at the time of his original registration at the beginning of the semester. No block-plan class may be added or dropped after the third week of the semester.

## 5. DROPPING AND ADDING CLASSES

A. Changes in the original registration may be made only with the approval of the instructor and the dean of the student's major field. If a student officially withdraws from a class during the first three weeks of a semester, the permanent record will show no registration for the class.

1. During the first three weeks, changes are made by obtaining a change in registration card from registration personnel. After being properly signed, the card must be turned in within three days. No official change in registration may be made by a student until September 25.
2. Should it become necessary for a student to make any change in registration after the third week, he may do so only after his dean has requested it through a written memo which indicates whether the student is doing failing or passing work.
3. If the student is doing passing work, his permanent record will carry a "W" for the class dropped. If the student is doing failing work, his permanent record will carry a "WE." A "WE" grade counts the same as an "E" grade in computing the grade-point average.

B. A fee of \$1.00 payable at the Cashier's Office is charged for each change in registration card processed after September 27.

C. Late registration of students will end on October 13. No student (unless he has just been released from a mission or active duty with the Armed Forces) may register after that date.

D. Students completely withdrawing from school after October 13 must be doing passing work in each class if they are to discontinue the class without academic failure.

E. Any person dropping a class in religion following the initial registration must also add another class in religion or present a signed statement from the dean of the College of Religious Instruction officially excusing him for that semester.

## 6 EXTRA FEE FOR EVENING SCHOOL CLASSES

An extra fee of \$3.00 per credit hour in addition to the regular tuition is required for all daytime students taking evening classes with section numbers 90 or above. Those registering for evening classes **only** will register, pay fees, and finalize at the Evening School Office, in the north end of the Student Service Center. The registration area may be reached by using the main northeast entrance. Registration will be on the same dates as for regular registration. The Evening School Office will be open until 9:00 p.m. on those dates.

## 7. ELECTION OF STUDIES

With the advice and approval of the dean of the college in which he registers, the student should elect such studies as are desirable. The major and minor as well as the General Education requirements for graduating should be kept in mind in electing studies.

### A. GENERAL EDUCATION PROGRAM

Beginning with First Semester, 1960, all students entering B.Y.U. for the first time will be expected to complete the new program of General Education requirements. Other students may complete either the new program shown below or the old program outlined in the 1959-60 General Catalog. These students may choose either program but may not combine the two. All students who graduate after August 1963 will be expected to have completed the new program.

Requirements	Semester Hours
American History and Government .....	3
Biological Science .....	6
English Composition .....	6 or 4
Health .....	2
Humanities and Fine Arts .....	8
Physical Education .....	2
Physical Science .....	6
Religion (2 hours per semester in residence) ..	16
Social Science .....	5

## 8. AMERICAN HISTORY AND GOVERNMENT REQUIREMENT

The American History and Government requirement applies to all candidates for the bachelor's degree. It may be satisfied by examination or by course work. Every student entering the University takes a placement test covering both American History and American Government. Students showing highly superior preparation are exempted from course work under the requirement. All other students take History 170, except as provided below.

Students majoring or minoring in history, political science, economics, finance and banking, journalism, or secondary education (social science) take whichever of the following combination is recommended for their field: History 120 and 121, History 121 and Political Science 110, or Economics 274 and Political Science 110. Other students also may elect these combinations instead of History 170. For General Education group-filling purposes a student taking one of these combinations may elect to apply either of the courses to the American History and Government requirement and the other to the General Education category in which the course is regularly listed.

Devotional assemblies will be held in the field-house each Wednesday at 10 a.m. These devotional assemblies will carry one credit hour per year or ½ credit hour per semester. To receive credit for these assemblies, a student must register for and attend twelve each semester. He also must fill out and sign a final examination card that will be handed out on the last week an assembly is held in each semester.

## 10. COUNSELING SERVICE

All students, regardless of where registered, are to have the advantages of the Counseling Service. It is the policy of the University that all new students check with their counselors at some time during their first year at B.Y.U. to discuss the results of their orientation tests.

## 11. LIMITATION OF CREDIT IN ONE SEMESTER

Undergraduate students in good standing may register for as many as 17 hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or a 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours. **Auditing of classes, registration by correspondence, or registering for evening school, or off-campus courses constitutes a part of the student's total registration.** Any exceptions to the above rules shall be presented to the dean of Admissions and Records by the dean of the college concerned.

## 12. EVALUATION OF TRANSFER CREDIT

At Brigham Young University a student has completed the General Education requirements except religion and American History and Government if he has graduated from any accredited, two-year collegiate institution having a pattern of general education similar to that at B.Y.U., provided that he presents satisfactory evidence of having completed these General Education requirements. Also, a student has completed the General Education requirements except religion and American History and Government if he transfers to Brigham Young University from an accredited four-year college or university having a pattern of general education similar to that at B.Y.U., provided that he presents satisfactory evidence of having completed the General Education requirements of his former college. Other students will have their transcripts audited in terms of the B.Y.U. program and will be notified as to what remains to be completed prior to or during their first semester at B.Y.U.

## 13. MAJOR AND MINOR REQUIREMENTS

At the time of his graduation, the student must have completed at least twenty semester hours in his major. He must also have completed no fewer than fourteen semester hours in collateral or minor subjects selected from courses approved for this purpose by the department or departments offering these courses and approved by the chairman of his major department.

When the prospective graduate's high-school and college work shows marked evidence of deficiencies in scholarship, in breadth, in training or in preparation for a probable future activity, the chairman of the department, in consultation with the dean, may

prescribe certain additional specified courses according to the needs of the particular student.

#### 14. CHANGING FROM ONE COLLEGE OR MAJOR TO ANOTHER

The student who desires to transfer from one major to another, or from one college to another, may do so, but must clear this change through the deans of the colleges involved. Official change of college or major cards may be obtained from the office of the dean of the college in which the student presently is enrolled. After being properly signed, these cards must be turned in one month prior to the next semester's registration to the office of the dean of the student's new college. Students who change from one college or major to another without clearing through official channels will have difficulty in registering for their next semester's work.

#### 15. WITHDRAWAL FROM THE UNIVERSITY

Students discontinuing registration from the University are required to clear their termination through the office of their dean and then with the Dean of Students. Students withdrawing from the University after the third week must be doing passing work in their classes if they are to discontinue without academic failure. No student is officially discontinued from the University if he has not been signed out by a person authorized to do so by the Dean of Students.

#### 16. WITHDRAWAL REFUNDS

In the event of withdrawal by a student, a refund will be made on the basis of a charge of \$10 (\$5 for a special student) plus a per-day charge of 1.4 per cent of the total tuition and fees paid or payable for the semester. The days charged will be the school days beginning with the first day of the semester on which classes were held following the date on which the student registered, to the day on which the student reported his withdrawal to the Office of the Dean of Students, both days inclusive.

Any refund due a student because of withdrawal from school will be made only by check, through the mail, two weeks from the date on which the student reported his withdrawal and surrendered his receipt or activity card to the Office of the Dean of Students.

No refund will be granted to a student who is requested to withdraw for scholarship or other causes.

No refund will be made directly to an unmarried student under twenty-one years of age unless the student has the written permission of his parents or legal guardian.

#### 17. REGISTRATION OF STUDENTS WHO HAVE RECEIVED A BACHELOR'S DEGREE

A student holding a bachelor's degree from a four-year accredited institution may register at Brigham Young University as follows:

- A. In the Graduate School under the regular requirements for an advanced degree.
- B. In the Graduate School as a non-degree seeking student.

#### 18. REGISTRATION IN THE GRADUATE SCHOOL

- A. Non-Degree Seeking Students  
Non-degree seeking students will register at the table of the dean of the Graduate School. His signature only is required on the registration form.
- B. Degree-Seeking Students  
Degree-seeking students, whether admitted on a provisional or a full-time basis, will start their registration in the department to which they have been admitted.
  1. Students who have not been assigned an advisory committee will begin registration under the direction of the department chairman or the graduate faculty member designated by him.

#### 21. GENERAL FEES

(a) The chairman of the academic department is responsible for Step 1 of the registration process in the event the chairman of the graduate student's advisory committee is not present in the registration room. His signature will take the place of that of the chairman of the advisory committee.

3. An academic load for a graduate student is 12 to 16 hours per semester. Only students of exceptional ability will be granted a registration load of 17 or 18 hours. No student will be permitted more than 18 hours per semester.

#### 19. FACULTY REGISTRATION FOR COURSES OF STUDY

If faculty members register after the first week of the semester, they will be charged a late fee. Their wives will be charged a late registration fee if they register after registration day. Registration materials will be ready for those who have made clearance with the Office of Admissions and Records at least one week prior to registration.

- E. All part-time staff members must pay the regular fees for registration in courses.

#### 20. FINAL EXAMINATIONS

No teacher shall be authorized to complete a final examination before the officially scheduled time in the final examination week.

A student who misses the final examination must have a good and sufficient reason for so doing and must have the consent of the instructor and the approval of the dean of his college. **CLASS SCHEDULE AND ACADEMIC REGULATIONS**  
**SECOND SEMESTER 1961-62**

Assemblies will be held in the fieldhouse each Monday, Wednesday, and Friday at 10 a.m. The Monday Forum and Wednesday Devotional Assemblies each will carry one credit hour per year or ½ credit hour per semester. To receive credit for either Forum or Devotional Assemblies, a student must register for and attend twelve each of either the Forum or the Devotional Assemblies offered each semester. He also must fill out and sign a final examination card that will be handed out on the last week a Forum or Devotional Assembly is held in each semester.

During a student's college career at B.Y.U. he may apply a maximum of three semester hours of devotional credit toward his religion requirement. Such credit, however, cannot be substituted for the courses required in the first two years of religious instruction. (For full instruction on basic requirements in religion see page 5 of this schedule.) Credit for Forum Assemblies may be counted only toward total credit for graduation.

These assemblies are designed to promote spiritual, intellectual, and cultural growth, and every student is encouraged to attend them.

# ACADEMIC REGULATIONS OF BRIGHAM YOUNG UNIVERSITY

Every student is responsible for knowing the academic regulations of Brigham Young University. Any proposed deviation from these regulations must be approved by the agency concerned, usually the Academic Regulations Committee. This committee meets twice each month in the office of the dean of Admissions and Records.

## 1. FEES—WHERE PAID

Unless otherwise noted, all fees listed in this statement of regulations and procedures are to be paid at the Cashier's Office.

## 2. LATE REGISTRATION PENALTY

Students failing to register on the regularly scheduled registration dates pay a late registration fee of \$5.00 for the first five regular school days following the scheduled registration date. A \$10.00 fee will be assessed following that time. Late fees for special students will be assessed at 50 per cent of the rate for regular students.

## 3. ADMISSION TO CLASS

Instructors will receive rolls of students in their classes three days after the completion of regular registration. A subsequent roll will be sent out the end of the fourth week and will include names of all students registering for that class. Students whose names appear on the rolls, or students for whom an add card has been received, are officially registered; others should be referred immediately to the Office of Admissions and Records for completion of their registration.

## 4. REGISTERING FOR BLOCK-PLANNED CLASSES

Regardless of whether or not a class is to be taught the first or second half of the semester, any student desiring to register for a block-planned class must do so at the time of his original registration at the beginning of the semester. No block-plan class may be added after the third week of the semester.

## 5. DROPPING AND ADDING CLASSES

A. Changes in the original registration may be made only with the approval of the instructor and the dean of the student's major field. If a student officially withdraws from a class during the first three weeks of a semester, the permanent record will show no registration for the class.

1. During the first three weeks, changes are made by obtaining a change in registration card from registration personnel. After being properly signed, the card must be turned in within three days. No official change in registration may be made by a student until February 12.
2. Should it become necessary for a student to make any change in registration after the third week, he may do so only after his dean has requested it through a written memo which indicates whether the student is doing failing or passing work.
3. If the student is doing passing work, his permanent record will carry a "W" for the class dropped. If the student is doing failing work, his permanent record will carry a "WE." A "WE" grade counts the same as an "E" grade in computing the grade-point average. No class may be dropped without a failing grade after the twelfth week.

B. A fee of \$1.00, payable at the Cashier's Office, is charged for each change of registration card processed after February 14th.

C. Late registration of students will end on February 23. No student (unless he has just been released from a mission or active duty with the Armed Forces) may register after that date.

D. Students completely withdrawing from school after February 23 must be doing passing work in each

class if they are to discontinue the class without academic failure.

E. Any person dropping a class in religion following the initial registration must also add another class in religion or present a signed statement from the dean of the College of Religious Instruction officially excusing him for that semester.

## 6. Extra Fee For Evening Classes

An extra fee of \$3.00 per credit hour in addition to the regular tuition is required for all daytime students taking evening classes with section numbers 90 or above. Those registering for evening classes only will register, pay fees, and finalize at the Evening School Office, in the north end of the Student Service Center. The registration area may be reached by using the main northeast entrance. Registration will be on the same dates as for regular registration. The Evening School Office will be open until 9:00 p.m. on those dates.

## 7. ELECTION OF STUDIES

With the advice and approval of the dean of the college in which he registers, the student should elect such studies as are desirable. The major and minor, as well as the general requirements for graduation, should be kept in mind in electing studies.

### A. GENERAL EDUCATION PROGRAM

Beginning with First Semester, 1960, all students entering B.Y.U. for the first time will be expected to complete the new program of General Education requirements. Other students may complete either the new program shown below or the old program outlined in the 1959-60 General Catalog. These students may choose either program but may not combine the two. All students who graduate after August 1963 will be expected to have completed the new program.

Requirements	Semester Hours
American History and Government .....	3
Biological Science .....	6
English Composition .....	6 or 4
Health .....	2
Humanities and Fine Arts .....	8
Physical Education .....	2
Physical Science .....	6
Religion (2 hours per semester in residence) ..	16
Social Science .....	5

## 8. AMERICAN HISTORY AND GOVERNMENT REQUIREMENT

The American History and Government requirement applies to all candidates for the bachelor's degree. It may be satisfied by examination or by course work. The examination, which is optional, will be announced in the Daily Universe early in each semester. Students must place in the 90th percentile or above in order to be exempted from taking the course.

Students majoring or minoring in history, political science, economics, finance and banking, journalism, or secondary education (social science) take whichever of the following combinations is recommended for their field. History 120 and 121; History 121 and Political Science 110; or Economics 274 and Political Science 110. Other students may also elect these combinations instead of History 170. A student taking one of these combinations may, for General Education group filling purposes, elect to apply either of the courses to the American History and Government requirement and the other to the General Education category in which the course is regularly listed.

## 9. GENERAL EDUCATION REQUIREMENTS IN RELIGION.

### D. See "Devotional Assemblies" in the Listing of Courses in this catalog for application of devotional credit.

### E. Rules Regarding Interpretation of University Policy on General Education Religion Requirements

#### 1. Freshman and Sophomore Registrations

Although students at the B.Y.U. may register for more hours in religion than required in the freshman and sophomore years, which courses may count as elective credit toward graduation, no more than 10 hours in re-

ligion can be accumulated in the freshman and sophomore years toward the fulfillment of the University general education requirement in religion. A student must complete 6 hours toward the University requirement during the junior and senior years, part of which may be satisfied by the devotional credit. Devotional credit does not satisfy the general education requirement in religion until the third or fourth years in residence at B.Y.U.

#### 2. Transferees From L.D.S. Colleges

Transferees from Ricks College, the L.D.S. Business College, and the L.D.S. Church College in Hawaii have their credit in religion appraised as if it had been taken at BYU so far as the above rule is concerned. However, they may transfer no more than 6 semester hours for one year's work, or a maximum of 10 semester hours for 2 years' work, toward the satisfaction of the general education requirements in religion.

#### 3. Transcripts From Colleges Having L.D.S. Institutes

Transferees from other colleges who present college transcripts of credit for Bible studies taken at L.D.S. Institutes of Religion shall receive full credit for such courses as if they had been taken at B.Y.U.

#### 4. Transcripts From L.D.S. Institutes

Transferees presenting institute credit in religion for courses other than those accepted by the adjacent college will be appraised as follows:

(a) The credit will be accepted on transfer only if the institute director certifies that the course was taken for college credit and was covered in accordance with college standards, and (b) providing the student does not present more than the maximum number of hours acceptable at B.Y.U. for a single semester when combining his college and institute credit. If the combined credit earned at a college and institute in a given quarter or semester exceeds that permitted at B.Y.U. (See "Limitation on Credit in One Semester.") the student must indicate to the Office of Admissions and Records the courses for which he desires to receive credit up to the prescribed limit. (c) A student may not transfer to the B.Y.U. from institutes more than six semester hours for one year's work or ten semester hours for two years' work toward the satisfaction of the general education requirement in religion.

#### 5. Application of Transfer Credit to B.Y.U. Requirements

Acceptable transfer credit (as per items 2, 3, and 4 above) may be used to meet the requirement of 16 hours, but until the combined acceptable transfer credit and the B.Y.U. credit total 16 hours, 2 hours must be taken for each semester in residence at B.Y.U.

#### 6. Fifth-Year Students

Students taking a fifth year of college work will be held to the requirements of the catalog, namely two credit hours in religion for each semester in residence up to a total of sixteen semester hours.

#### 7. Two-Year Degree Seeking Students

Students working toward special two-year degrees or certificates must satisfy the University requirement of 2 hours credit in religion for each semester they are in residence up to the maximum of 16 semester hours.

#### 8. Special Students

Special students must present 1 hour of re-

ligion credit for each 8 hours of collegiate work completed as a special student. For any term in which a student registers as a regular student (10 hours or more) he must present 2 hours of religion credit. This special student should keep the ratio of 1 hour of religion for each 8 hours of collegiate work completed as a special student current from year to year and shall be required to keep the rate current at the end of every two-year period.

#### 9. Summer School

A student is not required to register for a course in religion in Summer School; however, upon application for graduation he must present 1 hour of religion credit for each full summer's work in which he registers for less than 10 hours of credit, and 2 hours of religion credit for each full summer's work in which he registers for 10 hours of credit or more.

#### 10. Definition of an Undergraduate

A student will be considered an undergraduate, for the purpose of applying the above rules, until either he has received his undergraduate degree or has completed the requirements for graduation.

#### 11. Students Required to Study Off Campus

Students who do part of their collegiate work off campus under the requirements of their respective departments will be required to have two hours credit in religion for such semesters as they are off campus only when the University provides opportunities for the taking of such courses.

#### 12. Bible Credit From Non-L.D.S. Colleges and Universities

Transfer students coming to the Brigham Young University and bringing Bible credit obtained from accredited non-L.D.S. universities and colleges will have this credit accepted by Brigham Young University, and it will be applied as elective credit toward the total of 124 hours required for graduation. However, regardless of the amount of Bible credit presented, it will not satisfy the general education requirement in religion, such transfer students being required to obtain 2 hours in religious instruction for each semester in residence on the BYU campus.

#### 10. COUNSELING SERVICE

All students, regardless of where registered, are to have the advantages of the Counseling Service. It is the policy of the University that all new students check with their counselors at some time during their first year at B.Y.U. to discuss the results of their orientation tests.

#### 11. LIMITATION OF CREDIT IN ONE SEMESTER

Undergraduate students in good standing may register for as many as 17 hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or a 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours. **Auditing of classes, registration by correspondence, or registering for evening school, or off-campus courses constitutes a part of the student's total registration.** Any exceptions to the above rules shall be presented to the dean of Admissions and Records by the dean of the college concerned.

#### 12. EVALUATION OF TRANSFER CREDIT

At Brigham Young University a student has completed the General Education requirements except

religion and American History and Government if he has graduated from any accredited, two-year collegiate institution having a pattern of general education similar to that at B.Y.U., providing that he presents satisfactory evidence of having completed these General Education requirements. Also, a student has completed the General Education requirements except religion and American History and Government if he transfers to Brigham Young University from an accredited four-year college or university having a pattern of general education similar to that at B.Y.U., provided that he presents satisfactory evidence of having completed the General Education requirements of his former college. Other students will have their transcripts audited in terms of the B.Y.U. program and will be notified as to what remains to be completed prior to or during their first semester at B.Y.U.

#### 13. MAJOR AND MINOR REQUIREMENTS

At the time of his graduation, the student must have completed at least twenty semester hours in his major. He must also have completed no fewer than fourteen semester hours in collateral or minor subjects selected from courses approved for this purpose by the department or departments offering these courses and approved by the chairman of his major department.

When the prospective graduate's high-school and college work shows marked evidence of deficiencies in scholarship, in breadth, in training or in preparation for a probable future activity, the chairman of the department, in consultation with the dean, may prescribe certain additional specified courses according to the needs of the particular student.

#### 14. CHANGING FROM ONE COLLEGE OR MAJOR TO ANOTHER

The student who desires to transfer from one major to another, or from one college to another, may do so, but must clear this change through the deans of the colleges involved. Official change of college or major cards may be obtained from the office of the dean of the college in which the student presently is enrolled. After being properly signed, these cards must be turned in one month prior to the next semester's registration to the office of the dean of the student's new college. Students who change from one college or major to another without clearing through official channels will have difficulty in registering for their next semester's work.

#### 15. WITHDRAWAL FROM THE UNIVERSITY

Students discontinuing registration from the University are required to clear their termination first, through the office of their dean and second, with a member of the Dean of Students staff. Students withdrawing from the University after the third week must be doing passing work in their classes if they are to discontinue without academic failure. No student is officially discontinued from the University if he has not been signed out by a person authorized to do so by the Dean of Students.

#### 16. WITHDRAWAL REFUNDS

In the event of withdrawal by a student, a refund will be made on the basis of a charge of \$10 (\$5 for a special student) plus a per-day charge of 1.4 per cent of the total tuition and fees paid or payable for the semester. The days charged will be the school days beginning with the first day of the semester on which classes were held following the date on which the student registered, to the day on which the student reported his withdrawal to the Office of the Dean of Students, both days inclusive.

Any refund due a student because of withdrawal from school will be made only by check, through the mail, two weeks from the date on which the student reported his withdrawal and surrendered his receipt or activity card to the Office of the Dean of Students.

No refund will be granted to a student who is requested to withdraw for scholarship or other causes.

No refund will be made directly to an unmarried student under twenty-one years of age unless the

student has the written permission of his parents or legal guardian.

17. REGISTRATION OF STUDENTS WHO HAVE RECEIVED A BACHELOR'S DEGREE

Non-degree seeking students will register at the table of the dean of the Graduate School. His signature only is required on the registration form.
- B. Degree-Seeking Students  
Degree-seeking students, whether admitted on a provisional or a full-time basis, will start their registration in the department to which they have been admitted.
  - 1. The registration adviser for students who have not been assigned an advisory committee is the chairman of the department in which the student is majoring or the graduate faculty member who represents the chairman.
  - 2. Students who have been assigned an advisory committee will be expected to complete at once, with the approval of the chairman of that committee, the official form, to be secured at the Graduate Office, listing the full program of course requirements for the graduate degree. When this is completed and a copy forwarded to the Graduate Office further registrations will be completed without the signature of a departmental adviser. Students who have completed the course outline form may present their registration forms directly to the Dean of the Graduate School for his signature.
  - 3. An academic load for a graduate student is 12 to 16 hours per semester. Only students of exceptional ability will be granted a registration load of 17 or 18 hours. No student will be permitted more than 18 hours per semester.

23. JUNIOR ENGLISH PROFICIENCY REQUIREMENT

Each student with more than sixty semester hours of credit who has completed his freshman composition requirement must take the Junior English Proficiency Examination during the first semester in which he is eligible for it. If he fails this examination, he must take a non-credit remedial course during the next semester in which he is a full-time student to correct his deficiency before he may take the Proficiency Examination again. Passing this examination is a graduation requirement.

All students must have completed the Junior English Proficiency Examination at least one month prior to the date of graduation. In the event that a prospective graduate cannot complete his requirement by that time, it will be necessary for him to postpone his graduation until the next commencement.

The examination is a standard examination which measures comprehensively the full range of skills involved in the process of good writing: organization, grammatical conventions, critical thinking, and effectiveness and appropriateness of expression. In one section of the examination the student is asked to identify an error or weakness in a passage and to show that he recognizes the error by selecting a revision from the four choices supplied which most satisfactorily solves the problem in relation to the purpose of the writing. In another section the student is asked to demonstrate his own ability to limit, organize, and develop a topic by writing a theme on a topic supplied by the examiner.

The Junior English Proficiency Examination will be given two times during Second Semester: Saturday, February 27, 1962; and Saturday, March 31, 1962.
